

SPECTRALUX® ILS

INTRODUCING TRI-COLOR PRECONFIGURED MODELS FOR THE 2019-2023 FORD® MUSTANG®.

Federal Signal announces the release of Tri-Color Preconfigured ILS models for the 2019-2023 Ford® Mustang®. The preconfigured models include a split-front and a rear deck model. These models feature a low-profile design and vehicle-specific shrouds, allowing for a tight fit to the interior front and rear window of the vehicle. The Ford Mustang SpectraLux ILS models will no longer be available for custom configurations.

FEATURES

- Eight-head, low-profile design
- Suitable for internal mounting
- Slim internal lighting system reduces windshield obstruction and improves police officer visibility
- Center Focused models utilize all forward facing Solaris® reflectors that concentrate all the light output to the front of the vehicle
- (18) LEDs per light head
- All models are Tri-Color, (18) LEDs per light head (Red/Blue/White for Split front model and Red/Blue/Amber for Rear Deck Stock Model)
- SpectraLux® multi-color technology provides “all-white” flood lighting in front headliner models, as well as “Amber override” directional lighting in rear deck models
- FSJoin™ enables the synchronization and programming of light bars and exterior/interior lights that works in conjunction with the Pathfinder® siren
- Five-year warranty
