New Features added to the Convergence Network Software including New Curfew, Crowd Control, and K9 Voice Messages

Version 2.3.0.3 of the Convergence Network Configuration Software is available today to download. This new version replaces the current version 2.2.0.3. The following new features have been added to the software:
	F E A T U R E S

New Voice Messages:
New curfew, crowd control and K9 related voice messages have been added to the voice message library. The following standard voice messages are available in English, Spanish, and French Canadian.

- Do not interfere with vehicular traffic. If you interfere, you will be taken into police custody.

- You must leave the immediate vicinity. If you do not disperse, you may be arrested.

- A curfew is in effect. Please disperse.

- This is the Police department. A police canine will be released shortly to conduct a search. For your safety, please exit the area immediately with your hands up and locate the nearest police officer.

- This is the Sheriff's department. A sheriff canine will be released shortly to conduct a search. For your safety, please exit the area immediately with your hands up and locate the nearest sheriff.

- This is the State Police. A police canine will be released shortly to conduct a search. For your safety, please exit the area immediately with your hands up and locate the nearest police officer. (English and Spanish only)

- This is the Provincial Police. A police canine will be released shortly to conduct a search. For your safety, please exit the area immediately with your hands up and locate the nearest police officer. (English and French Canadian only)

- This is the Police department, come out now with your hands up or I will release my canine.

- This is the Sheriff's department, come out now with your hands up or I will release my canine.

- This is the State Police, come out now with your hands up or I will release my canine. (English and Spanish only)

- This is the Provincial Police, come out now with your hands up or I will release my canine. (English and French Canadian only)
