

SELF-LEVELING BRACKET

SELF-LEVELING BRACKET AVAILABLE FOR HIGHLIGHTER® MICRO, PRO LED BEACON, AND SPIRE® LED BEACON

Federal Signal announces a new self-leveling bracket available for HighLighter® Micro, Pro LED Beacon, and Spire® LED Beacon models. This bracket keeps the warning light parallel to the ground in order to maximize the effectiveness of the light output. The mounting plate has multiple sets of holes to accommodate the variety of bases.
